Rodrigo Linfati, PhD

Curriculum Vitae (short)

Last update: November 8, 2026

Full Professor - Universidad del Bío-Bío

About Me

Rodrigo Linfati is currently a Full Professor (since 2026) in the Department of Industrial Engineering at the Universidad del Bío-Bío in Concepción (Chile), where he joined in 2012. Dr. Linfati earned his Ph.D. in Operational Research from the University of Bologna (Italy). He also earned a Master of Science in Industrial Engineering, an Industrial Engineering Degree, and a Bachelor of Science in Engineering from the Universidad de Concepción (Chile).

- Research Areas: operations research, combinatorial optimization, metaheuristics, and operations management.
- Research Interests: heuristic and metaheuristic algorithms (TS, SA, VNS, GA, ACO); mathematical modeling and mixed-integer programming formulations; matheuristics and hybrid optimization techniques; machine learning for optimization, including reinforcement learning; quantum and quantum-inspired optimization (metaheuristics, QUBO, quantum annealing, QAOA).
- Application Areas: vehicle routing and last-mile logistics; supply chain management (forestry, sawmill, mining); cutting stock (sawmill, forestry); scheduling, location, and healthcare.

Research Summary

Google Scholar, as of November 7, 2026: Citations: 1545 · h-index: 22 · i10-index: 35.

- Publications: 78 (journal articles: 62; conference articles and book chapters: 16; preprints: 1) - indexes (a publication can appear in more than one index): WoS 53, Scopus 63, Google Scholar 75, SciELO 15
- Theses supervised: 126 (PhD: 2; MSc: 26; Undergraduate: 98)
- Grants as PI: 8 (External funding: 3; UBB funding: 2; Research groups: 3)

Profiles

- ORCID iD: 0000-0002-7659-383X
- Google Scholar profile: 6bJ02OAAAAAJ
- Scopus Author ID: 55250033800
- Web of Science ResearcherID: X-9326-2018
- GitHub: rlinfati

- LinkedIn: rlinfati

Academic Appointments

- **2012-2026+.** Universidad del Bío-Bío, Concepción, Chile - Department of Industrial Engineering
  - Full Professor: 2026+
  - Associate Professor: 2021-2026
  - Assistant Professor "A": 2017-2021
  - Assistant Professor "B": 2014-2017
  - Instructor: 2012-2014

Education

- **2009-2011.** PhD in Automatic Control System and Operational Research / *Dottore di Ricerca in Automatica e Ricerca Operativa* - Alma Mater Studiorum - Università di Bologna, Bologna, Italy
- **2006-2008.** Master of Science in Industrial Engineering - Universidad de Concepción, Concepción, Chile
- **2002-2007.** Industrial Engineering Degree (6 years) - Universidad de Concepción, Concepción, Chile
- **2002-2005.** Bachelor of Science in Engineering - Universidad de Concepción, Concepción, Chile

External Funding

- **2026-2027.** Consolidation of scientific capacities in resilient logistics and supply chain viability under climate change - *PI* - ANID-REC-FOVI-250059 - International Collaboration for Research Institutions - Chile - Team: R. Linfati (UBIOBIO), V. Ortiz (UBIOBIO), C. Rey (UBIOBIO), C. Contreras-Bolton (UDEC), D. Cifuentes (UCSC), R. Soto (ULAGOS), A. Ávila (UFRO), M. González (UFRO), A. Osorio-Mora (RPTU, DE), D. Morillo-Torres (PUJ, CO), J.W. Escobar (UNIVALLE, CO), J.J. Salazar (ULL, ES)
- **2023-2027.** Trajectory-based metaheuristic algorithms for new variants of the VRP - *PI* - ANID-FONDECYT-Regular-1230125 - Fondecyt Regular - Chile - Team: R. Linfati (UBIOBIO), C. Contreras-Bolton (UDEC), C. Rey (UBIOBIO)
- **2016-2018.** Heuristics for Electric Multi-Depot Vehicle Routing Problems and 3D Loading Constraint Problems - *PI* - ANID-FONDECYT-Initiation-11150370 - Fondecyt Initiation in Research - Chile - Team: R. Linfati (UBIOBIO)
